Dear Mr. Lawson,

Thank you for the outstanding support and superb effort you provided to make the "Spotlight on Leadership Month" a success at the Fourteenth District. As a result, the Coast Guard's 28 leadership competencies were highlighted during the course of the Leadership Month providing over 200 person hours of leadership exposure.

The web support you provided enabled all members of the Fourteenth District to have an electronic calendar of events, daily information regarding Spotlight on Leadership sessions, and links to Coast Guard leadership references. Your efforts resulted in outstanding participation by all levels of the organization. The importance of your work will have a lasting impact on developing leadership throughout the Fourteenth District.

Sincerely,

Sally Brice-O'Hara
